This Is the Year

So many phases of life at Cedar Shoals High reflect the individuality of its students. Everyday instructors, administrators, and companions continually drum into our minds the importance of being ourselves. This year's Mirari hopes to show how the individual makes the difference by examining the happenings around us.

The Student Council captured a night in the life of Cedar Shoals students by sponsoring the Homecoming Dance. The theme for the dance was the popular song, "Time in a Bottle". The decorations carried out the theme with a big hourglass and a wall sized collage for the face of a clock on the wall. The music provided by the "Grains of Sand", helped to make the dance one of the most successful events of the year. Seen dancing with their escorts were the members of the Homecoming court. This year Cedar Shoals selected three girls from each class to be part of the Queen's court. Reigning over the Homecoming activities was the Cedar Shoals Queen, Carol Jeanne Neal. By the end of the evening those students, attending the 1974 Cedar Shoals Homecoming had truly captured a time that they will always remember.

The GHP is a summer learning experience for 400 of Georgia's Academically and Artistically talented juniors and seniors. The program is held for six weeks during June and July at Wesleyan College in Macon. Every fall over 1600 students are nominated by their teachers and selected by school personnel to be their County's semi-finalists in academic or fine arts. To qualify, a student must have an A Average in his area of nomination and must have other qualifications.

During their summer in Macon, students participate in small-group learning experiences and individual studies with talented faculty members from all over Georgia and outside the state as well. Although GHP students work hard, they have a great time and establish relationships with other students and teachers that last long after they have returned home.

HARD WORK PAYS OFF

During the 1974--75 school year, no organization worked more diligently than the Mirari Staff. From day one until the arrival of the book, the staff and photographers hustled to meet all the deadlines. Each member sold ads to various organizations and businesses in order to finance a portion of the book. The staff members of the Mirari have presented to you a book that is a replica of the events and activities of the past year.

JAGUARS HAVE 7-2-1 SEASON

WINS OVER CLARKE CENTRAL AND
LAKESIDE HIGHLIGHT 1974 SEASON

Jaguars stage win over Thompson.

John Waters' mighty Jaguars closed the 1974 football season with an outstanding 7-2-1 record. Cedar Shoals is extremely proud of this record and its fantastic football team coached by five experienced coaches.

The highlight of the season was the battle against their arch rival. For the first time in Cedar's three years of existence, the Jags played Clarke Central, capturing the city title by beating the Gladiators 14-7.

A second outstanding game occurred near the end of the season, when the Jags surprised the state of Georgia by beating second-ranked Lakeside 17-13 in Atlanta.

"Sorry I can't," was a line many guys heard from our cheerleaders this year. Those cheers did not get that way by magic. The cheerleaders devoted much time to practice this year and it paid off very well. Besides practice, the cheerleaders had many other duties "behind-the-scenes." They often served refreshments to the varsity players after practice. They also sold ads for all the athletic programs, painted signs for games, sold buttons, banners, candles, and do many other things that some people never hear about. The Mirari would just like to say, "Hang-in-there, girls, you're fantastic."

B-team gains experience

The B-team cheerleaders have gained much experience this year. With the help of the varsity girls our B-team was really something to be proud of. Cheering at all B-team games, they added enthusiasm to the already exciting games. We hope to see many of these girls on next year's squad.

They've Got That Spirit

JAGUARS REGION CHAMPS AND QUALIFY FOR STATE

Dyn-o-mite, is definitely a word for the "74-75" Jaguar Basketball team. For the second year in a row they took the 8-AAA Region crown and qualified themselves for a top spot in the state tournament. The Jaguars were to play Towers High School in the first round of the state tourney and after winning this game should go on and hopefully win three more games and the state crown. "74-75" was a dyn-o-mite year for Jaguar Basketball!

Juniors

The '74-'75 school year was the first year the class of '76 could legally leave campus. No more cafeteria lunches and staying until the long hoped for hour of sixth period. In the fall the last of the Juniors turned sixteen which meant a whole new addition of cars in the already overflowing parking lot. This fall also meant struggling to write a Junior research paper, taking the PSAT, and enduring the torturous hours of the achievement test. This year promises to be an exciting and carefree year for the Juniors--one that does not have the pressures of the SAT, jobs, and a forthcoming year of college.

While desperately waiting for the year 1977, the sophomores have the trauma of being at that in-between stage in high school. They have been at school for a year and have started to learn their way around. Now sophomores know a few teachers and have heard about others. They are finding out more of what is happening through the school and are coming involved in these activities. Hopefully having outgrown the Freshman image, sophomores are aware that they are still being teased and probably will be for the rest of their high school life.

Freshmen

CHALLENGES FOUGHT WITH SPIRIT

The Freshman Class at Cedar Shoals during the school year of 1974-75 set a record with 473 9th graders. Being freshmen meant taking insults from the upper classmen all year long. They were always the last class called for pictures, pep rallies, and assemblies, but when they entered the auditorium, they filled it with enthusiasm and spirit. For the first year the freshmen had their own sports programs and received recognition for these accomplishments. The Class of '78, with their overwhelming population took everything in stride and made the best of things.

Not all Freshmen take their studies as seriously as Mike Milstead, Left, while others enjoy the benefits of a free period, as seen with Mandy Morgan, Right, at lunch.
